Strategic planning	28
Classifying activities	34
Appeals	36
Law, values and politics	37
Judicial review	38
The role of criminal law	46
Courts and inquiries	52
<b>3 Land use planning</b>	
Planning instruments and land use	66
Understanding the process	67
Environmental planning instruments	70
Plan-making	87
Case law: SEPPs and REPs	89
How to participate in plan-making	99
<b>4 Public lands</b>	
Assessment and disposal of Crown land in NSW	102
Dedication and reservation	104
Development in conservation areas	113
Management plans	116
Commonwealth protected areas	121
<b>5 Development</b>	
When is development consent required?	126
Types of development	130
Nonconforming uses	135
Development applications	141
Procedure for granting consent	149
Public participation	152
Making the decision	159
Development consents	171
Development contributions	178
Appeals	191
Modification, revocation and implementation of consent	193
Construction, occupation and subdivision certificates	198
Enforcement of consents	200
Major projects	205
<b>6 Environmental assessment in NSW</b>	
Part 4 assessment	215
Part 5 assessment	229
Part 3A assessment	236
Environmental impact statements	240

Species impact statements	243
Other approvals	248
Compliance and enforcement	249

## 7 Commonwealth environmental assessment

Legislation before 1999	254
The Environment Protection and Biodiversity Conservation Act	255
Approvals	268
Public participation	269

## 8 Local government

Local government's power and responsibility	278
Management plans	281
State of the environment reports	283
Community and operational land	284

## 9 Pollution control and waste disposal

Approaches to pollution control	290
Commonwealth powers	291
Chemicals	294
Dangerous goods	303
The Protection of the Environment Operations Act	304
Economic measures	333
Administration and enforcement	334
Public participation	341
Regulation under other legislation	345
Marine pollution	346
Waste management regulation	350
Contaminated sites	358
Environmental regulation of energy	363

## 10 Agriculture

Environmental planning controls	368
Leases and licences of Crown land	371
Rural lands protection boards	374
Clearing and cultivation	376
Soil conservation	378
Pest and weed management	380
Genetically modified organisms	394

## 11 Biodiversity conservation

The international context	398
Key strategic documents	399
Environmental planning for private land	401
Native vegetation legislation	412
Threatened species legislation in NSW	420
Commonwealth legislation	432

## 12 Forestry

Commonwealth forestry regulation	440
NSW forestry regulation	443

## 13 Coastal and riverside land

The coastal zone	468
Planning requirements in coastal areas	472
Other EPIs affecting coastal land	480
Threatened species	485
Development below high water mark	485
The Coastal Protection Act	487
Development on floodplains	494
Rivers and lakes	497
Mining and extractive operations	508
Acid sulfate soils	510
Reclamation and dredging	511

## 14 Water supply

Water resource management in NSW	516
The Water Management Act	519
Licences and approvals	528
Trading water	532
Irrigation corporations	536
Offences under the Act	538
The Sydney Water Catchment	538
The State Water Corporation Act	540
Water efficiency	541

## 15 Catchment management

Integrated catchment management	545
Catchment Management Authorities	547
The Natural Resources Commission	550
Other legislation	551
Future opportunities	555

## 16 Heritage protection

Heritage protection in Australia	558
Heritage protection in NSW	559
Commonwealth heritage protection	574
Protection of Aboriginal heritage	585
International law and heritage protection	588

## 17 Mining

Basic concepts in mining law	596
Titles under the Mining Act	598
Where exploration or mining is restricted	602
Compensation to landholders	606
The Environmental Planning and Assessment Act	609
Public participation	613
Agencies involved in decision-making	615
Environmental management	617
Titles under the Petroleum (Onshore) Act	623
Offshore exploration and mining	626
Offshore petroleum exploration and production	628
Uranium mining and nuclear facilities	629

## 18 Fisheries

The development of fisheries law in NSW	635
Where do NSW fisheries laws apply?	636
Recreational fishing	638
Commercial fisheries licensing and management	641
General fisheries management	646
Aquaculture	647
Indigenous fishing rights	651
Environmental assessments and fishery management strategies	653
Protection of aquatic habitats	655
Spawning fish, noxious species and fishways	657
Threatened species conservation	657
Administration	658
Enforcement powers	659

## 19 Land rights and native title in NSW

The NSW Aboriginal Land Rights Act	664
Cultural heritage protection in NSW	670
Native title	671
Table of Cases	687
Table of Statutes	699
Index	720
